

Welcome

# TECH AMBASSADORS

# Welcome

# TECH AMBASSADORS

A fast-paced weekly webinar that takes place on Tuesdays at 3:15PM EST, and offers turnkey lesson plans that can be used in day-hab, residential, vocational and special education settings.

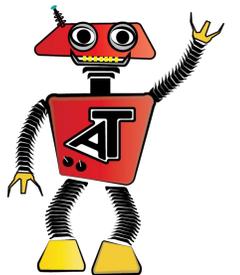

Expand your knowledge of everyday tech and the ways it can be used to help the people we serve each day – in day services, in the community, at work or school and in their homes.

Find other webinars and resources  
in our archives at

*Today:*  
**Microsoft Sway**

- A free app from Microsoft that works on Apple iOS, Android devices and Windows 10 PCs. Just need to set up a Microsoft account.
- Simple way to take text, photos and videos and combine them into a graphical presentation.
- Very easy to use and it allows you to focus on the message . Easier to use than traditional office products.
- Display adjusts to device.
- Exports to a private web page, shared on social media or can be printed out in PDF or Word format

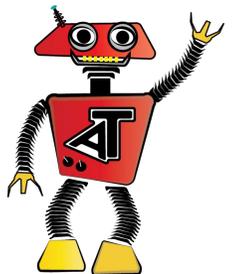

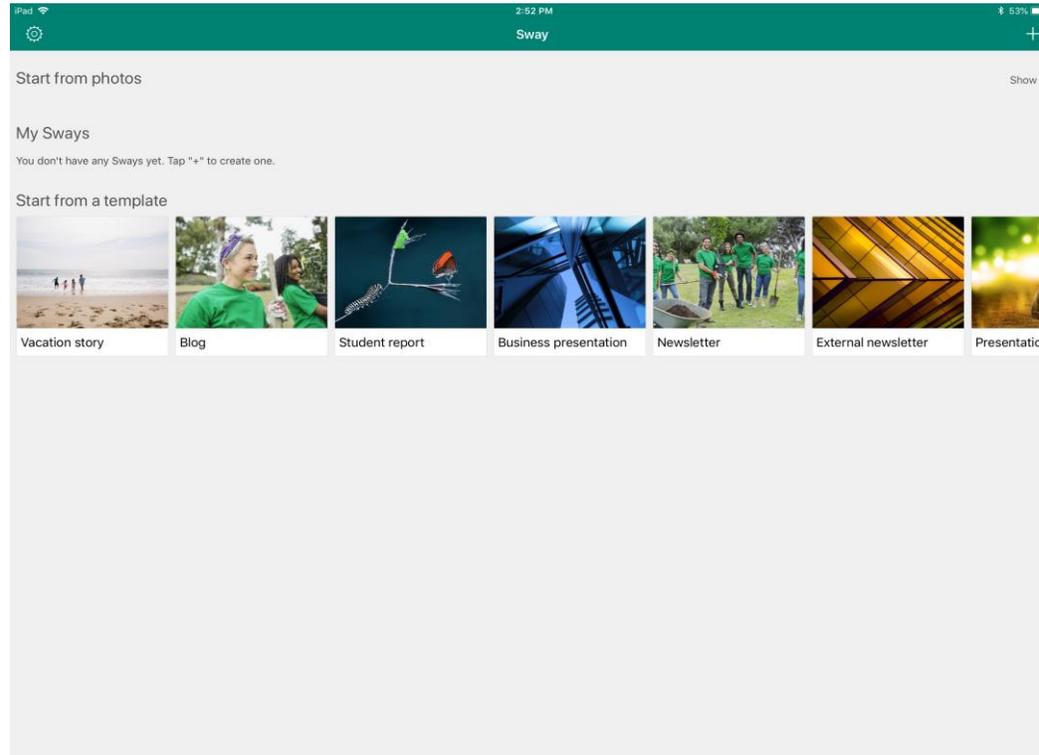

# Microsoft Sway

So what can you do with it? Here's a quick example... I like cars...

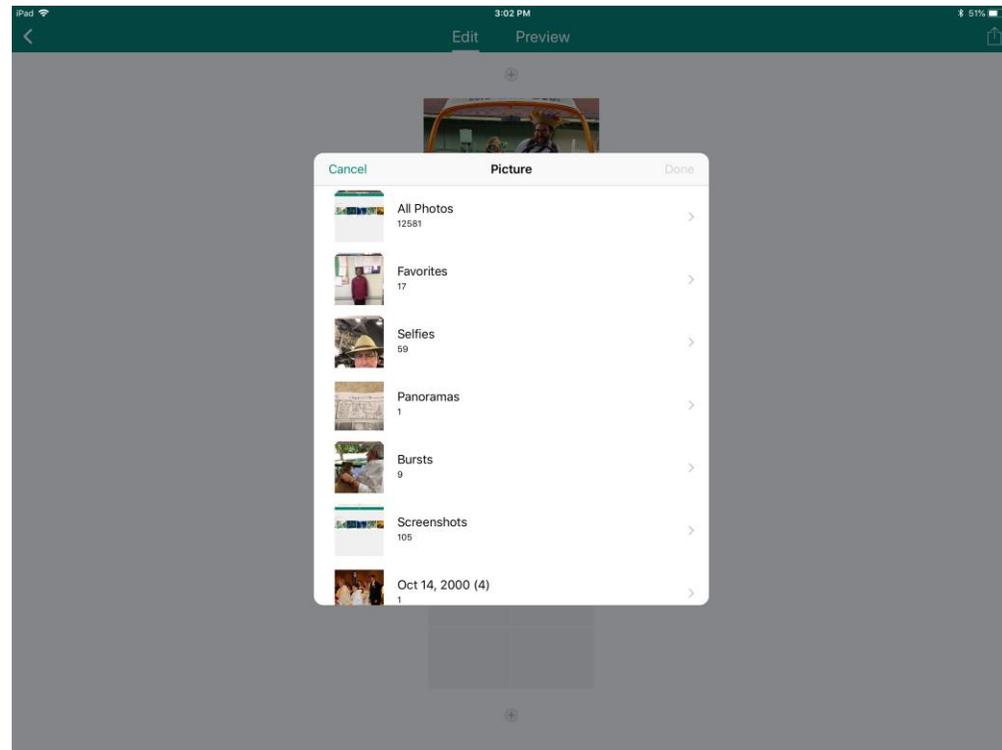

Choose a template and then personalize your Sway with a title.

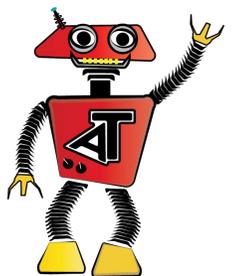

# Microsoft Sway

Choose some pictures or videos to tell your story.

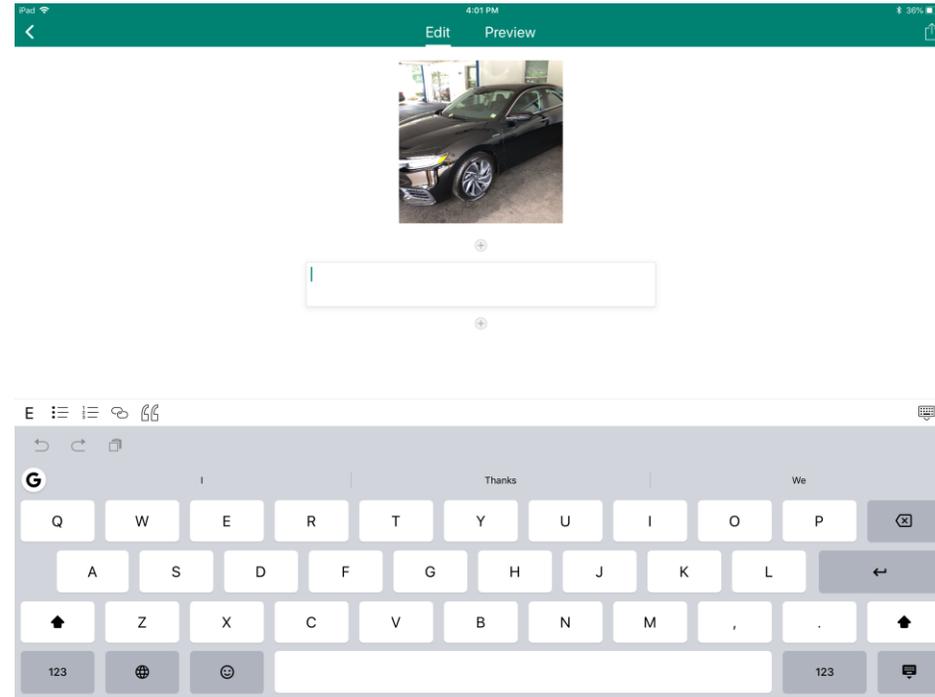

8/14/18

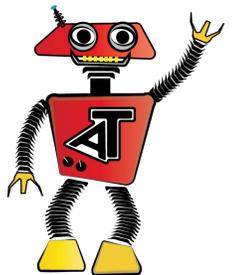

# Microsoft Sway

Add some text to your picture.

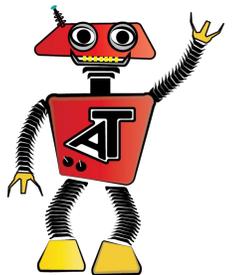

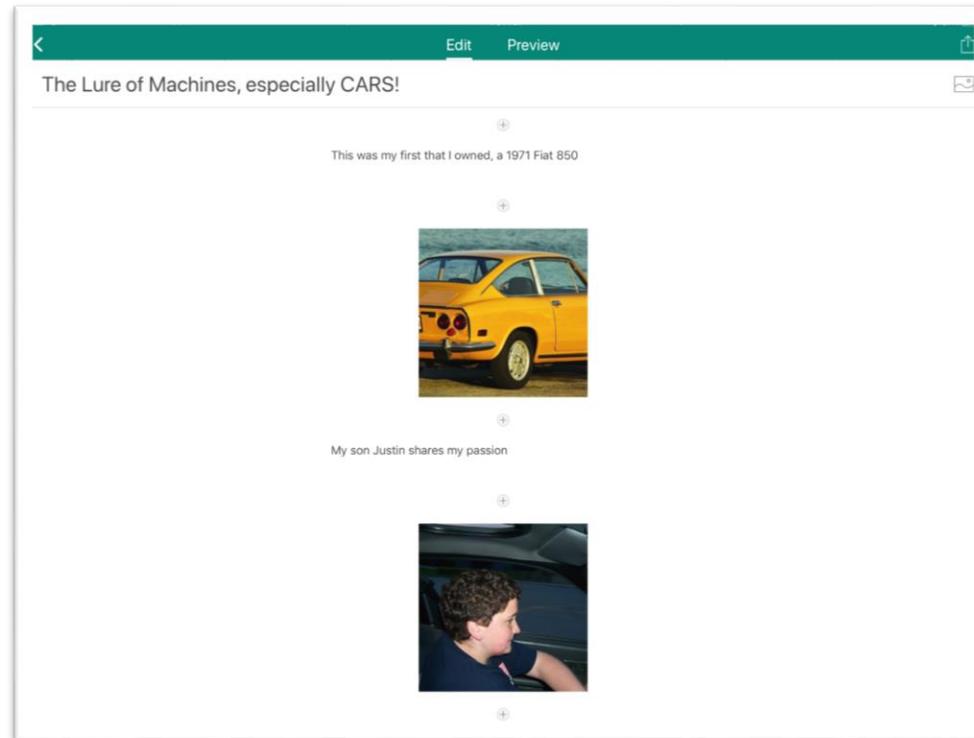

8/14/18

# Microsoft Sway

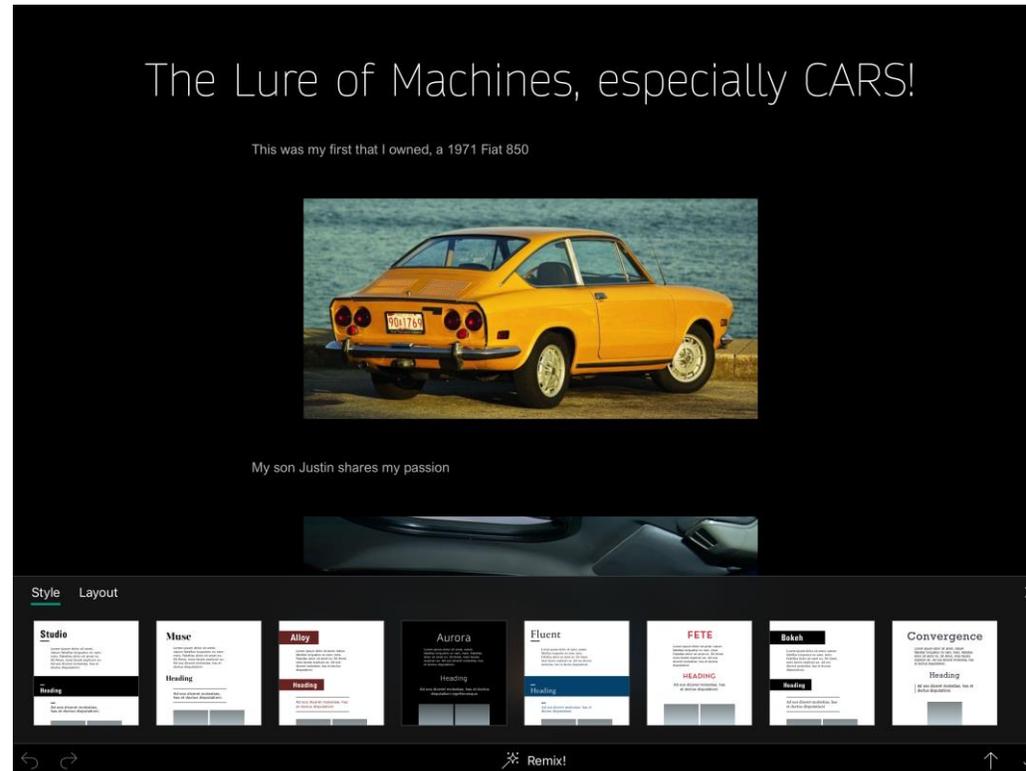

Add more pictures and descriptions. Pictures can stand alone or be combined into a grid. Everything is drag and drop!

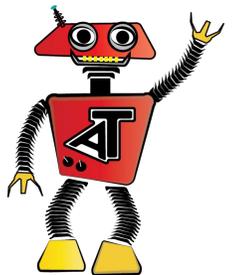

# Microsoft Sway

In the Preview mode, you can experiment with styles and layouts for your Sway.

8/14/18

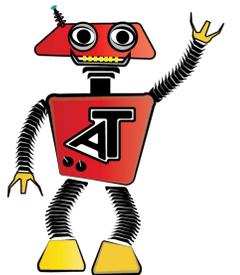

## Microsoft Sway

You can publish your Sway to a private Microsoft website or export it as a PDF or Word file, then print it.

***Just think of the possibilities!***

- Use for a person's person-centered plan so people can get to know the person better
- Remember a vacation or outing
- Make an instructional guide, breaking an activity into its component tasks
- Create an illustrated story to help emerging readers
- Newsletter for your group
