

THE ARC WESTCHESTER'S PROJECT SEARCH AUTISM ENHANCEMENT (PSAE) 2025-2026

PSAE is a 10-month internship program for young adults who have exited high school, and whose goal is competitive employment. This OPWDD funded work-readiness program takes place in White Plains on NewYork-Presbyterian Westchester Behavioral Health campus. PSAE provides total immersion in the workplace which facilitates the teaching and learning process as well as the acquisition of transferable work skills for the outcome of employment. *There is a time-sensitive application & screening process, which starts by attending an Information Session.* See below for the 2025 Information Session dates and details on how to register to attend.
